RUN
60 MILES IN AUGUST
Rosie Wootton's
Summer running achievement
mnda

The challenge was to run 60 miles during the month of August to raise money for Motor Neurone Disease Association. This charity is close to my heart as a family member and a village friend have recently been diagnosed. I managed a total of 87 miles and raised £1380 in donations that have gone to MNDA. Thank you to everyone in the village for all the support and donations. They meant a lot whilst tackling the hills around Belchford and definitely motivated me to go out for a run!

Childrens Playground

Belchford is very privileged to have an area of public open space within the village, our Village Green .

However it is not finished !

It is the parish councils intention to seek funding and provide the younger generation with play equipment, as soon as possible . We will need some help so if you fancy helping in any way with the project please contact me at the below address .

I imagine we will appreciate both administrative/ management skills just as much as practical help, a contractor will be employed to build .

**The children or the village really need this facility
so let's make it happen !**

Potholes and crumbling road edges are a major problem in our villages. If these problems are not reported to Lincolnshire County Council, they will not be repaired. Several people in our villages also use the FixMyStreet App, which is free to download to mobile phones. This App enables the user to send photographs of the defect, together with a detailed description and a precise location directly to the Highways Department.

Footpaths

Many thanks to Lincolnshire County Council for resurfacing the Viking Way footpath off Dams Lane in Belchford. This followed some lobbying by the Parish Council. Contractors used by LCC have done a first class job and the path will be a lot safer and more pleasant to use in the wetter months to come. The Parish Council has also approached the landowners and asked them to consider removing the strand of barbed wire at the top of the fence along the side of this section of the path.

Belchford and Fulletby Parish Council has plans to clear the overgrown section and reopen Ings Lane as a bridleway to link Belchford to the Bluestone Heath Road, hopefully by the spring of 2023, which will be a great addition to our rights of way network.

Belchford & Fulletby Parish Council Meeting 27th July 2022 Report

Amongst other topics there was discussion about village speeding, potholes
A parish councillor vacancy,
and planning applications.

Belchford & Fulletby Plan

Our team of councillors and resident advisors have been working hard through the summer and have written the first draft of the NDP which aims to protect the parishes from inappropriate and insensitive development, and to encourage employers to invest in our community. The NDP is currently being reviewed by a professional planner employed by AECOM. Design codes for our parishes have been written by AECOM and are available on the NDP website belchfordandfulletbyplan.org. These aim to protect the character of our villages. All external work has been grant funded. The outcomes of the three surveys which many of you participated in have been reported and are available on the NDP website. Going forward we intend to incorporate the AECOM feedback into our NDP policies and to submit it to ELDC for examination in 2023.

Parish Councillors:

John Smith (Chairman), Peter Thompson (Vice-Chairman), Nigel Briggins Shaw (Responsible Finance Officer), Miranda Brown, Ian Goodall, Paul Morris, Jill Newby, Rob Short and Zach Henden.
