 - b. A question was raised regarding helping an elderly person with tree/hedge cutting costs and this is not a permitted use of council funds.
7. **To receive reports from District and County Councillors (if available)** – District Councillor Daniel Simpson advised that due to recent changes by Government the ELDC Local Plan will be impacted. More houses are required by Government and this will have an effect in East Lindsey. Retail planning is also to be reviewed. The latest housing target is 1091 which is up from 500. Recent changes within the planning office at ELDC will also have an impact. There is a £10 million windfall and ELDC will consult as to how and where this will be spent. One example could be an increased promotion of The Wolds as a holiday destination. The new Government has halted the devolution process. Changes to food waste collections are being planned. A caddy for food waste may be under proposal. West Lindsey will start this roll out in 2025. There will be no cost to households. Details of the Pig Hanging Tree have been submitted to the Woodland Trust for consideration as a "NotableTree". The process can take up to a year before the tree is mapped and recorded. Councillor Simpson will investigate how TPO's are designated, what is the process and who should make this decision. There are some DC Community Funds available, a suggestion was made to assist with notice board refurbishment and an application is to be made. [DS left at 8.11pm] Volunteers are to be requested in the next newsletter for Notice Board refurbs. A tree surgeon is to be sought for the overhanging tree at the Bus Shelter.
8. **To receive an update from the Village Green Committee:** No one was available to provide a report. This weekend's rounder's event is also cancelled.
9. **Highways Matters** – Some potholes have been filled in yesterday. On 5th September we had a visit from Highways officers and County Councillor Marfleet. The problem is the shoulders of the highway are deteriorating, our problem has been recognised. Lowfield Lane and Fulletby were looked at. Addition of limestone was discussed. Could a small section be done, monitored and reviewed. There is a blocked drain in Fulletby which has been forwarded to our County Councillor.
10. **To consider correspondence received since the last meeting:**

a. Nothing to comment on.

11. Speeding: A request for the 30mph zone to be extended in Belchford to beyond East Farm, Main Road. A community Speed Watch Action group was suggested. LRSP are to be invited to visit on a Friday evening or Sunday afternoon. An Archer survey is also to be requested. The clerk will provide details of the costs for Community Speed Watch equipment and also for a data collecting Pole Mounted Device, this will be discussed at the next meeting.

12. Community Ideas / Project: Capital Projects for 2025 and beyond. Ideas were a community pond or fund buying a liner for the pond at the woodland. A sculpture or folly at the community woodland, perhaps a torch or beacon. The Wildlife Trust or Lincs Wolds Countryside Services may help with a grant for these ideas. This will be included in the newsletter.

13. NDP Update: As per the circulated documents, IG confirmed that lots of progress has been made. The NDP has gone to the examiner, John Slater RICS, who has visited both parishes and written a brief preliminary report with 25 questions. IG has composed a response for the deadline this Friday. There are no objections to the proposed response. Resolved. ELDC will then respond and all responses will be on the ELDC website. IG will require help with further responses when they are requested.

14. Website update: IG proposed that 5 more hours are to be purchased, no objections, Resolved, and minutes are to be added to the website quicker please. The structure of the website is improved and documents are easier to find. Is there any way we can find out viewing figures, the clerk will enquire.

15. Community Woodland Working Party: JS commented that 50% of the trees are in good order, 25% not good and 25% have died. Are we happy to let it naturalise? JS is happy to mow paths. Do we want is there a case for more mowing to be done. The cost of deer fencing is extensive. It looks scruffy with lots of ragwort and willow herb. PT notes that the Wildlife Trust would recommend leaving it scruffy for the benefit of the wildlife. Who uses it? What do they use it for? Do we know a footfall? It gets used every day by a small proportion of our community. Can we plant more trees, there are several areas to plant. It is noted that the peppercorn rent has not been collected. Could we find out what species are using the woodland? PM will contact Lincs Wildlife Trust. Free Trees may be available from Woodland Trust and County Council. PB will provide info on monitoring devices. For further discussion at our November meeting.

16. Clerk – Employment contract. This needs to be done, PT.
